Database CD Order Form

The California Secretary of State is releasing data submitted in accordance with Political Reform filing requirements for parties interested in performing analysis. This CD includes text files in both ASCII Comma Delimited format and in a special report format. This allows importing of the data into various databases and analysis tools for experienced users.

To aid in using this data, a "Read Me" document is included. A description of the Cal-Access database tables is provided. The California Electronic Filing Format documents used in the data entry are also included. In addition, a description of the mapping between these documents and the database tables is also provided.

This data will contain addresses and telephone numbers, where applicable; state law prohibits the Secretary of State from posting that information on our web site.

Complete this form and send it, along with your check for the amount of \$5.00 made payable to the Secretary of State, to the above address.
